BHEA ENDORSES BRIEN, MAAS, AND MIRISCH FOR CITY COUNCIL

“The Beverly Hills Education Association is pleased to announce that last night we voted to endorse candidates Willie Brien, Virginia Maas, and John Mirisch in the March 3 City Council election. BHEA underwent an extensive and thorough process whereby all nine candidates who sought our endorsement submitted written questionnaires and participated in face-to-face interviews with our association. Brien, Maas, and Mirisch offer Beverly Hills voters a formidable mix of experience on education issues, dedication to our schools, desire to challenge the status quo, and resolve to see their goals through to fruition. The teachers of Beverly Hills care deeply about the quality of our schools. We know that a close relationship with the city is vital for our schools to excel. We believe that Brien, Maas, and Mirisch offer the best opportunity for Beverly Hills voters to support the daily efforts of our community’s hard-working education professionals.”
