RE: 2007-2008 NEA/CTA/BHEA Membership Cards

In a matter of days, you will be receiving in your mailbox your 2007-2008 NEA/CTA/BHEA membership card. BHEA apologizes for the delay in distributing these cards. There was a shipping problem and they arrived late from CTA headquarters.

Attached to your membership card is a postcard containing the personal information that CTA has on file for you. Please look over this information to make sure it's accurate. If it's not, then make the necessary corrections. After making the corrections, detach the postcard along the perforation and return this postcard to me at the high school in an envelope via district mail. Please pay particular attention to see if your worksite is listed correctly on the postcard.

There are many benefits to being a CTA member. You may review these benefits at <http://cta.org/membership/benefits>. Benefits include discounts on insurance, favorable savings and lending rates, discounts for travel and entertainment, plus much more. By using your CTA membership number on your card, you can sign up for members-only access on CTA's website to explore even more content.
